

Stress Processing Journal

This Book Belongs To

Worry Exploration

What are you worried about?

The best that can happen is...

What are some clues that your worry will not come true?

If what you are worrying about does not happen, how will you handle that feeling?

Worry Exploration

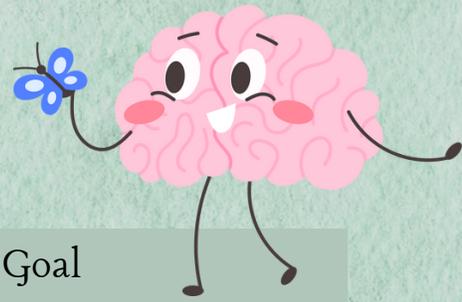

Does worrying about something help prevent it from happening?

Is there any practical action I can take to sort this problem out? If so, what is it?

Am I inventing worries to satisfy my need to worry? If yes, what might be behind this?

Now that you have questioned the worry, has your perspective shifted? How?
